about Alicante

If you've always imagined Spain as a warm, Mediterranean paradise, you should try studying in Alicante. With some of the most beautiful beaches in Europe, Alicante lies between the mountains and the sea and enjoys mild temperatures year-round. Alicante is at once a tranquil and lively city that captivates the imagination with its rich history. The same seaside air that you'll enjoy first attracted the ancient Romans, enticed the Arabs to stay for over 500 years and was finally reclaimed by the Christians in the 13th century. Come celebrate Alicante's past during Las Hogueras, a lively festival during which incredible papier-maché sculptures are erected and then burned amidst parades and luminous fireworks.

Whether you want to relax in style and have a drink on the palm-lined esplanades or partake in the vibrant nightlife and university atmosphere, Alicante has something to offer for all tastes. Learn Spanish in Alicante and get to know an intimate, medium-sized city with an unbeatable climate, delicious food, and warm, friendly inhabitants that will welcome you as their own.

"Alicante was a really nice place to study Spanish. The weather is great and so is the food. Enforex's staff made me feel at home, and the teachers helped me learn a ton of Spanish in a short amount of time. The best part was that I got to enjoy the beach any day I wanted!"
