

## SCHOOL DESCRIPTION

Our school is located right in the centre of Barcelona, in a lively and affluent street, in which you can find a metro station, bus stops, as well as a bicycle lane, so the transport connections are superb.

The location is excellent; just ten minutes walk from Plaza Catalunya and Las Ramblas, right in the heart of the city centre.

The neighbourhood that we are in is the "Eixample", which is famous for its many shops, restaurants and bars - where there are endless possibilities to have a good time and to meet people!

On entering our school through the glass doors, you will be met by the friendly and smiling faces of our staff, welcoming you and helping you to feel at home.

Next to the Reception area you will find the Director's office, easily visible, so you can always find us and ask for help. We are at your disposal throughout the day. If you continue walking past reception, you will find a nice room, beautifully decorated with computers connected to the Internet and with a free WIFI access point. There are sofas for your relaxation and daily press and magazines for you to read and relax.

Here in this cheerful and informal, spacious room you will always find a receptionist to help you with any questions or queries you may have.

Nearby there is a patio outdoors where the smokers can go outside to have a cigarette. Here there is a large table and comfortable benches. We also have coffee- and soft drinks machine, a water dispenser and pastries if you want to have a snack.

Our classrooms are divided between two floors. On the first floor you can find the "Cervantes" and "Miró" classrooms, honouring some illustrious characters of the Spanish world!

The "Cervantes" classroom is slightly more spacious, built in glass, with a large television and next to it is "Miró". All our rooms have a large whiteboard, audio equipment and panels displaying various information and class work.

On the second floor there are two more classrooms, "Frida Kahlo" and "Lorca" also filled with natural light and used for study purposes.

At the end of this floor, you can climb the stairs to access the school's private terrace, a wonderful place to relax and enjoy the sun.

On the large terrace, which is decorated with plants, tables and chairs you will be able to just be, or simply talk quietly with your new friends.

Throughout the school you can find four fully equipped bathrooms.

We hope that we will see you soon!
