DEAR STUDENTS:

Welcome to Salamanca, and welcome to Colegio Delibes.

After 15 years Colegio Delibes has become a reference point for Spanish-language education for foreigners, and it's all thanks to you. Together we have improved the quality and variety of our classes, we have increased our options for lodging, we have expanded our services and improved our facilities, all for the good of more than 40,000 students of more than 50 different nationalities that have passed through our classroom doors.

The most important part of this interesting journey is how much we have learned from all of you, from your suggestions, your needs, your advice and your recommendations.

Everything we do, we do with our whole heart, and with a single objective: that the Spanish language and culture become part of your lives forever.

To all of you who are opening a Colegio Delibes brochure for the first time, welcome!

WE ARE WAITING FOR YOU

Why Salamanca?

THE CITY

Population: about 180.000

Location: Mid West of Spain in the region of Castilla y León.

Salamanca offers the ideal combination of history, academic focus and purity of language.

It has long been associated with learning, and it presents a truly academic environment for international students of Spanish. Most important, the Spanish our students learn in the classroom is exactly what they will hear on the streets of Salamanca. A pure "castellano" without any dialect which provides the perfect complement to their classroom learning.

Salamanca offers all advantages of a big city but at the same time maintains the friendly atmosphere of a small town.

It is the home of the world's second oldest university, hosting every year more than 35.000 students of which a great number originates from non Spanish speaking countries.

It is known as The Golden City because of the material used for the construction of its buildings-sandstone, which provides the golden glow.

Hosting annually close to half a million Spanish and foreign tourists, the city council is implementing all possible measures to prevent any type of crime, **therefore Salamanca is known in this respect as one of the safest cities in Spain.**

Come to Salamanca and you will feel at home!

- With a Spanish host family.
- In a student residence.
- In a flat shared with other students.
- In a private studio (minimum 4 weeks).
- In a hotel or hostel.

All our families, like our flats, residences and the hotels that work with us, are located in the city centre, a maximum of 15 minutes' walk to the Plaza Mayor and the school.

All the options have everything you need to live comfortably and enjoy a pleasant stay in Salamanca. If a student is not entirely comfortable, for a reasonable reason, in the accommodation that we have assigned to him/her, he/she must inform the school within the first three days of their stay and we will quickly find an alternative.

On the registration form you should state the start date of your course and the start date of your accommodation. Students living with host families, in hotels or students residence **can go directly to their accommodation on arrival. They just need to get a taxi and go to the address assigned.**

Students living in shared apartments and private studios need to phone the school mobile provided to inform about the approximate arrival time in Salamanca. A member of staff will meet the student and take him/her to the accommodation.

In order to help our students with any problem that might arise, the school mobile will be on until 21:00 pm.

You will find the mobile number in your confirmation letter.

families

All the families that take in Delibes students have been carefully chosen and we guarantee that they will treat you very well, with quality food and nice clean houses.

Living with a family has various advantages: you will learn for yourself about the customs, food, routines and way of life through your own experience. Living with a family gives you the chance to practise your Spanish all day long and at the same time expands your vocabulary and improves your pronunciation. In short, it is the best way to integrate fully into Spanish life. This type of accommodation is offered throughout the year.

There are four possibilities for living with families:

- Single room and full board
(breakfast, lunch and dinner).
- Single room and half board
(breakfast and lunch or dinner).
- Double room and full board
(breakfast, lunch and dinner).
- Double room and half board
(breakfast and lunch or dinner).

Students must bring their own towels. The family will provide blankets, sheets and duvets. On the first day the students will receive the key to the family house in order to be able to come and go as they wish. Laundry **once a week** is included in the price. Ironing it is not included, though.

If the course that you are going to take lasts for a few months, we also offer you the opportunity to reserve mixed accommodation. For example, the first month with a family and afterwards in a student flat or in a residence.

It has 42 bedrooms, shared and single, three sitting rooms, a patio and all modern facilities.

In the residence students of all nationalities are put together, so that the atmosphere is a mixture of cultures where the students are enriched by acquiring experiences and anecdotes from all over the world.

Students must bring their own towels. The residence provides bedclothes.

There is accommodation in the residence throughout the year.

Limited places.

Four possibilities:

If you choose this option, then you must reserve it well in advance, as we do have a limited availability.

If you arrive in Salamanca on Saturday, let us know and we will book a reasonably priced hotel for you at your cost.

shared flats

These flats have a few rooms, single and twin, two bathrooms, kitchen and sitting-room. They have central heating and hot water. They are equipped with the necessary furniture to make your stay pleasant and comfortable. All the bedrooms have a bed, a wardrobe, a desk and chair, a small table and shelves. The kitchen is supplied with all the necessary utensils (pots, pans, plates, glasses, etc.). All flats have a washing machine and a fridge. In the sitting-room there is a large table on which to eat, a television, a sideboard cabinet and a sofa. Students must bring their own towels. The College provides bedclothes.
